## Current News

Starting Thursday, December 6, Boca Raton's **Crazy Uncle Mike's** becomes the home of **Clay Goldstein's House of Extreme Blues, Roots & Rock and Roll**. The NattyBös will play the second Thursday of the month. On the other Thursdays we will host local and touring musicians to join us to dig deep into whatever mash-up of Blues and Grooves we come up with...

Our band, features guitarist Mario Lacasse; Bassist Dennis Freireich; and drummer Bob Ross. We are a four piece group that plays the South Florida triangle from about the Treasure Coast to Dade and Broward Counties and Naples to Ft. Myers. We've been called a Blues-A-Billy Rock and Soul Jams band. Our music choices are not very focused.

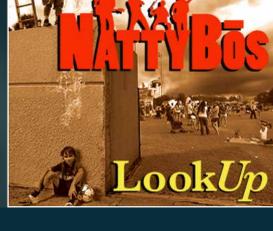

We'll go from Blues to Reggae, Funk to Rock and Roll, Country to R&B according to the mood of the crowd and us. That said, the show is always energetic, interactive and fun for all involved including the audience, the staff and us. Because it's fun we come to play, with long sets and a short break - if any - unless the event needs a specific schedule.

We also promote the shows with posters, facebook events, weekly email blasts and are willing to do (almost) any other promotion you might need. It's more fun for everyone when the place is packed. Sample posters are at the bottom of this EPK.

The **Other Side of the Tracks** is the umbrella for any other music or visual enterprise that I creates. It might be a Duo with Julius Sanna or Josh Rowand, a full 4 or 5 piece band with area pros, or an entirely different thing. The show will always include fun songs, and an entertaining, interactive, professional presentation.

## I get to play with other bands in the area as scheduling permits including these three...

**Otis Cadillac and the El Dorados** featuring the **Sublime Seville Sisters**

**Kat Riggins Blues Revival**

**Josh Rowand's "Pitbull of Blues Band"**

A 12 piece Rhythm and Blues Revue led by mythical Octogenarian Otis Cadillac. The band highlights the area's finest musicians for a musical tour de force that gets umbrellas twirling and people captivated from beginning to end.

Kat Riggins is becoming a well deserved international sensation. She's on her second European tour in 2018/2019. I joined her on a 2018 summer tour that included shows in New York, Boston and the North Atlantic Blues Festival in Maine. Her CD, "In The Boys' Club" features my harmonica on three songs. The CD has been on top of several Blues charts since its release in June.

Josh "Pitbull of Blues" Rowand plays nearly every musical instrument known to man. He puts it all together as a singer, songwriter and entertainer with spirit, skill and abandon that few can touch and even fewer can sustain. I joined Josh in his band, he'll join me in my bands, either way it's always an honor and pleasure to go on a musical adventure with him.

There is a past, including sessions with Andy Summers (Police), Brian O'Neal (Busboys), Sheryl Crow and bands including my group The Sundowners, Jesse Loya, Saturday Night Bath and these three from Los Angeles to Missouri...

**The Uninvited**

**Mr. Jones and the Previous**

Norman Jackson is about the most soulful person one will ever meet. He placed 3rd in a recent IBC. I met him in Don Shipp's Titanic Blues Band. Then we formed The Pawn Shop with Bassist and great friend, the late Kenny Halteman. Springfield and Lake of the Ozarks Missouri were our stomping grounds. Here is a taste ...

In Los Angeles I focused on Singer/Songwriters and Rock and Roll. The Uninvited are singers, songwriters and rock and roll. The band consisted of Brothers Steve and John Taylor, Bill Cory and Bruce Logan. I joined for a couple of years including the CD "TooHigh." Fine crafted pop rock with witty lyrics, brotherly harmonies and a thundrous rhythm section had LA under our thumb...

Andras Jones is one of those musicians with a point of view and he isn't shy about putting it up front in his music. Lyrics and intensity fill every note he plays. I played on two of his CDs ...Andras is based in Olympia Washington and host the Radio 8 Ball online radio show in between his commitment to make the world a better place for us all...
